

**The Friends Of Cagles Mill Lake** goals are to help promote the natural and cultural resources with Lieber State Recreation Area and Cataract Falls. The F.O.C.M.L. group is not an entity of Lieber S.R.A., but is a separate organization. It was formed to assist the property with projects and funding, which the state may not always be able to provide. We are a not-for-profit organization, seeking to enhance the Lieber S.R.A. /Cagles Mill Lake area.

The volunteers have completed many projects and made many improvements, on the property. We are thankful for the communities and local businesses helping support our efforts with donations throughout the year. If you would like to help, or make a tax deductible donation, please contact us or mail your donation to Friends Of Cagles Mill Lake, C/O Lieber State Recreation Area 1317 W. Lieber Road, Suite #1, Cloverdale, IN 46120.

We meet once monthly for planning sessions. The meetings last one hour. For more information about our group, or to participate in the activities, please call:
